

SPRING  
SEMESTER

# Arctic Science Study Programme

Spend a semester in Greenland and give **YOUR** education an Arctic angle.

The five courses will give **YOU** a unique educational experience with connection to climate research and society in Greenland. **YOU** will be living in Nuuk during the courses in the centre of a multi-disciplinary research environment and a thriving Arctic society. **YOU** get first-hand access to master project opportunities in Arctic topics and a possibility to explore exceptional career opportunities in Greenland.

# SPRING SEMESTER

During the spring semester, Aarhus University teams up with the Greenland Institute of Natural Resources to offer a full semester on Arctic climate change. All courses are graduate level.

To apply for the courses in the Arctic 'Science Study Programme (ASSP), please complete the "Student Information" form on [www.gcrc.gl/education](http://www.gcrc.gl/education) (how to apply).

After submitting the "Student Information" form you will receive an e-mail with details on how to proceed with registration for the courses and other practical information.
